NovaTech Startup Solutions

Enterprise network topology | 20 employees | One office floor

Jaymark Viriña

ITEP 414 | Week 2

Security and services

Firewall provides VLAN gateways, DHCP and policy.

Inter-VLAN traffic is denied unless explicitly allowed.

Guest Wi-Fi: VLAN 70, internet only; not an extra employee group.

Server / NAS: VLAN 50 | Printers: VLAN 60 | Management: VLAN 99

Wired — VLAN trunk — Wi-Fi association

Logical topology; not to scale. Cable paths simplified.
